

Press release

From the many questions asked it appears to us that there are possible misconceptions regarding the statements of the member Brinkman through the media (FOX).

His declarations are not in any way part of the philosophy and mind-set of the Dutch delegation.

Each and every one of the members of the Dutch delegation speaks as a private person and for his own responsibility.

Only the leader of the delegation speaks on behalf of the delegation.

It is only correct to dispel any misunderstanding which might have arisen because of this.

W.I.I. van Beek
Leader of the Dutch Parliamentary Delegation
