*aan* De leden van de vaste commissie voor  
Landbouw, Natuur en Voedselkwaliteit

*datum* 27 april 2010

*oms kenmerk* 40959/WB/FB

### **E100012<sup>1</sup>**

De commissie stelt voor de volgende voorstellen als prioritair te selecteren uit het Wetgevings- en werkprogramma 2010 van de Europese Commissie:

- Communication on the future of the Common Agriculture Policy;
- Legislative proposals as a follow-up to the Commission Communication on Common Agriculture Policy post 2013;
- Legislative proposal following the Commission Communication "Towards a better targeting of the aid to farmers in areas with natural handicaps" (Less Favoured Areas);
- Follow-up to the High Level Group on milk;
- Council regulation reviewing legislation on marketing of seed and propagating material
- Animal Health Law;
- New policy for GMO cultivation;
- Proposals on the reform of the Common Fisheries Policy;
- Regulation of EP and Council concerning the establishment of a programme to support further development towards an IMP;
- New sources of growth from seas and oceans: Communication on "blue growth" – a new vision for sustainable growth in coastal regions and maritime sectors;
- (\*\*\*) Proposal for Council Recommendation on Joint Programming on "Agriculture, food security, and climate change";
- Proposal for a Cooperation Agreement with the US on consumer product safety;
- Review of General Product Safety Directive.

De griffier van de vaste commissie voor Landbouw, Natuur en Voedselkwaliteit,  
Warmolt de Boer
