41. Could you please indicate which synergies and complementarities you have in mind between the ETF and other actors? Have these synergies and complementarities been exploited?

ETF does not double Cedefop. It has an other target group making VET expertise available to neighbouring countries of the EU.

42. Do you agree that there are overlaps between EUROFOUND and other relevant EU agencies and institutions, as well as with stakeholders at national or international level?

45. Could you please indicate which overlaps you have in mind between Cedefop and other actors and if they have already been addressed?

Skill needs are investigated on regional, national and EU-level by cedefop, which is fine. On EU-Level overlap with Eurofound should be avoided.

46. Do you agree that there are overlaps between EU-OSHA and other relevant EU agencies and institutions, as well as with stakeholders at national or international level?

49. Could you please indicate which overlaps you have in mind between the ETF and other actors and if they have already been addressed?

ETF is making knowledge of the VET sector available to EU-neighbouring countries. Overlap is indispensable. But no other organisation is helping 'hands on' like ETF does.

50. In your opinion, could the following measures help to improve the operation of Eurofound, Cedefop, EU-OSHA and ETF in the future?

	Strongly disagree	Disagree	Agree	Strongly agree	Do not know /cannot answer
*Sharing support services (human resources, IT, procurement) between Eurofound, Cedefop, EU-OSHA or ETF	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*Merging those EU agencies under the remit of DG EMPL (Eurofound, Cedefop, EU-OSHA or ETF) whose tasks are overlapping, in order to form larger organisational entities	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*Contracting out more of the agencies' activities to external providers	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

<p>*Stopping activities with limited added value (please specify activities and Agency)</p>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<p>*Developing mechanisms of joint delivery (projects, initiatives) between the four agencies to exploit synergies and complementarities, and to avoid duplications</p>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
<p>*Delegating some of the agencies' activities to other relevant EU networks and instruments</p>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<p>*Allocating additional funding to the four agencies</p>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
<p>*Streamlining the structure/ composition of the four agencies' Governing Boards</p>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<p>*Terminating EUROFOUND and employing the necessary staff to perform its roles and activities by the European Commission or other agencies, networks and instruments</p>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

<p>*Terminating CEDEFOP and employing the necessary staff to perform its roles and activities by the European Commission or other agencies, networks and instruments</p>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<p>*Terminating EU-OSHA and employing the necessary staff to perform its roles and activities by the European Commission or other agencies, networks and instruments</p>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<p>*Terminating the ETF and employing the necessary staff to perform its roles and activities by the European Commission or other agencies, networks and instruments</p>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

\*50.a. Could you please tell us why and if possible, how?

All agencies have a specific role, or in the case of ETF, target group. Discussions on governance have proven to be counterproductive. EU OSHA is vital for the overall european dimension in the field of OSH. Moreover we have to strive for synergy in activities (e.g. in the field of research and monitoring).

\* 50.b. What other options could you consider? Why?

Cedefop's European Skills panorama and similar projects on skills needs /mismatches might be combined in order to enhance efficiency on EU-level.
